Shelter & Rescue Pulls

We try to pull from our overwhelmed rescue partners and shelters as much as possible, as well as provide high-needs cats with sanctuary respite while waiting for their forever home.

Pet Owner Support

LAPS has taken in several pets from deceased owners in 2022. Additionally, we were able to help several families with spay/neuter and other vet associated costs through non profit funding.

About

Love and Purrs Sanctuary is a unique no-cage, no kill, lifetime sanctuary where cats and kittens live with human care takers 24/7 in a home environment until adopted. LAPS has no paid staff and is 100% operated by volunteers.

Mission

Our mission is to adopt our rescued cats and kittens into loving forever homes. To provide a safe, happy and loving home environment for cats & kittens in our care. To prevent pet overpopulation through spaying and neutering; reduce the number of cats and kittens being killed in shelters and educate the public on responsible pet ownership.
